ESCUADRA EUROPEA PUERTAS 40X35 mm

European Corner Join Doors

Aplicaciones-Applications

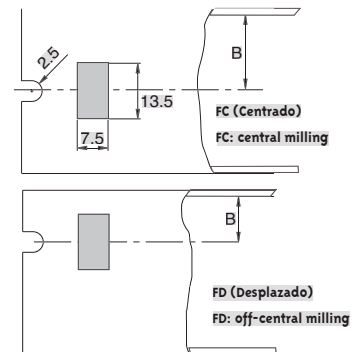

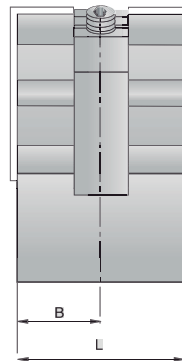

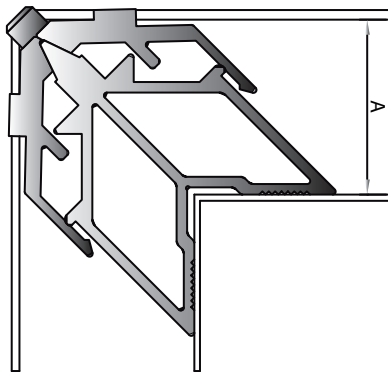

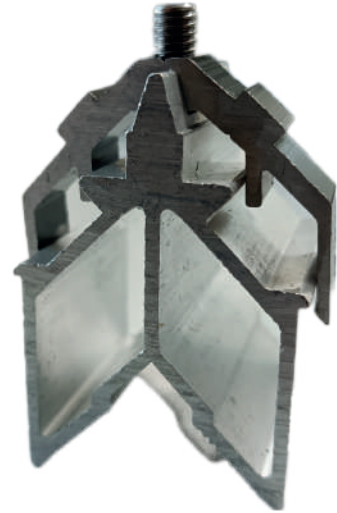

Escuadras europeas de extrusión para puertas, con espárrago en acero zincado o en acero inoxidable.

European corner join for doors mecanized from profile of aluminium extrusion.

Características-Features

Escuadras con apriete en el vértice, de montaje rápido y sencillo, para series de Cámara tradicional o Europea.

Corner join easy and fast to assemble. It is tighter in the vertex for traditional and European groove series.
